NEW @ Harriett Todd – Kiss and Ride Student Drop off (Before & After School).

Harriett Todd is considered a walking school and we encourage everyone to participate in daily physical activity and walk to and from school. We are committed to student safety. As more and more parents drive their children to and from school, there is a need to address safety issues. Increased congestion in front and around the school has become a serious health and safety issue. Kiss 'N Ride is a proven proactive strategy to help ensure the safety of all our children. We would like to thank you in advance for your support as we work together to implement Kiss and Ride at our school.

- The Kiss 'N Ride Program is a convenient, safe and efficient procedure for dropping off children at school in the morning, and for picking up children from school in the afternoon.
- Once your car has come to a complete stop in a designated area a staff member or volunteer will be waiting to greet you.
- Staff will be in designated drop off/pick up areas to ensure your child safely arrives and departs from school.
- If you plan on having your child use Kiss and Ride afterschool, please ensure you have contacted your child's teacher through their student agenda.
